Copyright, Canada, 1944, by Henderson Directories Limited, 279 Garry St., Winnipeg

Introductory

The present volume constitutes the 1944 edition of Henderson's Directory of Calgary. The work embodies a complete epitome of the civic, commercial, social, and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

To save paper it has been necessary to condense the information by changing the streets to three colums, and also increasing the number of names on the page of the alphabetical section. This has been done to comply with provision of Order No. 295 of the Wartime Prices & Trade Board.

THE STREET AND AVENUE GUIDE

THE STREET AND AVENUE GUIDE starting on page 69 features the names of all streets and avenues arranged alphabetically and numerically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

✤ Denotes that there is a Telephone in the house.

THE ALPHABETICAL DIRECTORY

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations starts on page 191.

THE CLASSIFIED BUSINESS DIRECTORY

THE CLASSIFIED DIRECTORY at the end of Book, and exhibits the various manufacturing, mercantile, and professional names, compiled under headings appropriate to the class of industry or profession followed.

CALGARY POPULATION

Calgary estimated population 93 540.

The December 1941 Dominion Census gave Calgary population as 87,264.

ADVERTISING CALGARY

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, the publishers have placed copies of this issue of the Directory in the directory libraries, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Calgary, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

Respectfully, The Publishers

Calgary

NAMING OF CALGARY

Calgary is named after the old home of Colonel Macleod in the Isle of Mull, Scotland, and was so named in the year 1876 when he was in charge of the North West Mounted Police fort established at the confluence of the Bow and Elbow Rivers. The word "Calgary" is of Gaelic origin and means "Clear Running Water."

The City of Calgary is the business centre of Southern Alberta. The population of Calgary at the last civic census (1937) was 85,726. Its location on the C. P. R. main line and C. N. R. line in the foothills of the Rocky Mountains, at the junction of the Bow and Elbow Rivers, is picturesque. By reasons of its geographical situation, the abundant supply of pure water, the untold wealth of the surrounding country as yet only partially developed, and above all, by reason of its cheap electric power, the City offers most desirable inducements for the establishment of manufacturing industries.

Calgary is approximately 840 miles west of Winnipeg, 620 miles east of Vancouver, 138 miles north of the boundary line between Canada and the United States of America, and 85 miles from Banff, the playground of Canada.

TO TOURIST AND VISITORS

Calgary offers much of interest to visitors. Perhaps no city of its size on this continent possesses such fine business buildings or a larger number of comfortable and beautiful homes. It offers every facility for business or amusement that can be found in much larger cities wherever they may be.

For the sportsman there is, in season, shooting for duck, chicken, and partridge, as well as mountain trout fishing, all within a few hours' drive from the city.

Calgary is at the gateway of the Banff National Park and an extremely interesting and picturesque motor drive of less than three hours will take one to this beauty spot (87 miles distant). Lake Louise and the Rockies are also available by motor car. The Banff-Windermere Road is now completed and links up with the Grand Circle Tour (Blue Trail), which connects all the scenic attractions in Western America; passing from Calgary south through Glacier Park (Montana), Yellowstone Park, Grand Canyon (Arizona), Los Angeles and then north through San Francisco, Crater Lake Park, Spokane, Columbia River Valley (Windermere), and Banff, east to Calgary. With the Big Bend Highway completed motorists can now travel west from Calgary to the Pacific coast by the scenic all-Canadian route.

MUNICIPAL AIRPORT

The City of Calgary maintains and operates a modern airport situated just outside the City Limits to the north within five miles of the centre of the City, situated on the main highway to Edmonton.

The field consists of approximately 640 acres. There are two runways developed, south-east to north-west and north-east to south-west. The runways are 500′ wide and 4,000′ long with a hard surfaced strip of 150′ in the middle of each runway. The taxi strips are also hard surfaced. The port is fully equipped for night flying with boundary, approach, obstruction and ceiling lights, revolving beacon and an illuminated wind sock. All of this equipment is remote controlled from one or more points.

The Dominion Government maintains a weather bureau at the Airport and weather information is available at all times. Trans-Canada Air Lines maintains an office with ground radio equipment and carry Government mail. Calgary is on the main Trans-Canada Air Route and beam facilities are available. A restaurant where meals and refreshments may be secured is maintained on the Airport.

Unless on scheduled routes, all aircraft at the Airport must register at the office of the Aerodrome Superintendent. All commercial and other aircraft in transit and not operating from this aerodrome must be registered immediately upon arrival and be checked out on departure. Landing fees must be paid at the time of registration. All fees for planes in transit must be paid in cash.

No landing fees shall be collected for aircraft in the service of the Department of National Defence or from visiting aircraft of the United States Army, Navy, Marine or Department of Commerce.

The sale of gasoline is restricted to the City of Calgary.

Schedule of Fees on application.

OIL AND GAS FIELD

Turner Valley gas and oil fields, 45 miles southwest of Calgary, is the largest oil field in Canada. Production exceeded 8,000,000 barrels in 1940. New wells are increasing the output of the field from month to month. Two classes of oil are produced—naphtha and crude. Naphtha is extracted from wet gas, a portion of the gas after treatment being piped to Calgary for domestic uses. Good roads lead from Calgary to the field thus affording a fine auto trip.

OIL REFINERIES

Four refineries with a total capacity of 15,100 barrels a day are in operation in Calgary.

SURROUNDING COUNTRY AND RESOURCES

Tributary to Calgary is a most prosperous agricultural, beef raising and ranching districts in area some thousands of square miles, and by virtue of the nutritious and abundant grasses growing throughout the surrounding territory, cattle raised in this locality are of the best; and by reason of its favorable climate and fertility of the soil, grain and vegetables produced in this district are excellent.

In the agricultural world Calgary, being the centre of thousands of acres of both irrigated and non-irrigated lands famous for spring, fall, and winter grains of all kinds, vegetables and wild and cultivated grasses, is highly attractive to prospective settlers and investors. As a direct result of this location and the productivity of the surrounding areas, a large stockyard and packing plants operate in Calgary and the grain trade of the Province of Alberta is centred here. Calgary's importance as a grain centre has been officially recognized by the Government of the Dominion of Canada, by the operation of a terminal in this city.

RAILWAYS AND MARKETS

With two transcontinental railways operating into the City, and other branch lines projected, Calgary offers the wholesaler and the retailer great facilities for trade throughout the whole of the Dominion. This, coupled with an ideal location in the heart of a rapidly and ever-growing market, in the centre of tributary lands containing bountiful supplies of raw materials, places Calgary conspicuously before the manufacturer.

MINERALS, ETC.

Untold mineral wealth underlies the soil, waiting for time and invested capital ere an idea can be conceived as to the intrinsic value and the benefits which accrue to Calgary, Canada and the British Empire therefrom. Chief among the minerals and other products of the lower stratas of the earth, found in the Calgary district are iron, lead, coal (bituminous, lignite, anthracite and coking), silicate sandstone, brick clay and shale, pottery clay, fire clay, etc.

INDUSTRIES

The chief industries located in Calgary and district are: Ranching, farming, meat packing and meat products, oil refinery, manufacturer of flour, biscuits, breakfast foods, breweries, temperance drinks, cement and cement blocks, rough and finished lumber, wood-working plants, sash and door mills, beds and mattresses, saddlery and leather goods, show cases, tents, confectionery, cigars, soap and similar commodities, ironworks, machine shops and welding, C. P. R. repair shops for western division, liquid air plant, brickyards, bakeries, dairies and butter, etc., stockyards, tannery, headquarters of coal companies, headquarters in province for insurance companies, horticultural, box factory, Ford assembly plant, automobile repair shops.

MUNICIPAL OWNERSHIP

Calgary is essentially a City owned and operated for its citizens' benefit through their elected representatives, and owing to this fact its inhabitants enjoy an excellent service from the various municipal undertakings. Commencing in the year 1899, the City purchased the existing Waterworks system. Since that time the Public Utilities of the City have been extended to include Electric Light and Power, and Street Railways systems. The surplus earned by Public Utilities in 1940 amounted to $227,579.

IRRIGATION AND FARMING

Calgary is the headquarters of one of the largest irrigation projects on the continent. Water for irrigating the fertile belt stretching from Calgary north east and south, is obtained from the Bow River. The head-gates of the main canal are located inside the eastern city limits.

METHOD OF CIVIC GOVERNMENT

The "Initiative, Referendum and Recall" is in operation in Calgary. By this means legislation may be initiated by the ratepayers, a referendum demanded on any public question or policy and elected officials recalled. To invoke these powers it is necessary to obtain the signature of qualified voters, equal in number of those cast at the last election for mayor in the following percentages: For "Initiative" or "Referendum," 10 per cent; for "Recall," 25 per cent.

The government of the City is carried on under powers granted by the Legislative Assembly of the North West Territories, and amendments thereto from said body, and later from the Provincial Legislature of Alberta. The Coucil is composed of a mayor and 12 aldermen. Up to the end of the year 1923 the mayor was elected annually. At the Civic election held in December, 1923, the electors carried a plebiscite to provide for the election of mayor for a term of two years, said provision has been effective since January 1st, 1924.

MUNICIPALLY-OWNED INDUSTRIAL SITES

Calgary offers to manufacturers industrial sites owned by the Corporation at the cost price. These are located in various parts of the City and the first were purchased in 1911 to provide for industrial development.

"Manchester" within the southern limits of the City, situated on the Calgary-Lethbridge branch of the C. P. R. is offered manufacturers desirous of locating in Calgary, on the following terms:

Street cars, sewer, water and electric light and power are extended to and in use in "Manchester." This property is approximately two and one half miles from the Post Office. Applications for sites should be addressed to the City Clerk.

Two miles east of the City limits and about five miles from the Post Office lay other industrial sites. This property is served by the Canadian National Railroads.

The City also owns several blocks of land in the subdivision known as Calgary Junction.

Another site within easy reach lies about two miles northeast of the Post Office. The Calgary-Edmonton branch of the C. P. R. runs through this property.

The City has power to exempt from taxation buildings, improvements, machinery and stock being used on said land subject to a by-law providing for such limited assessment and exemptions being ratified by the people as in the case of a money by-law.

The above clause does not mean that the industrial concerns are exempt from Local Improvement taxation.

If the aforesaid lands, buildings, stock or improvements cease to be used or occupied for the purposes aforementioned, such land, etc., so ceasing to be used or occupied shall be liable to taxation in the usual manner.

CANADIAN GOVERNMENT ELEVATORS
Calgary, Alberta

Office—627 Public Building. W. J. McMullen, supt.

The Canadian Government Elevator at Calgary is a reinforced concrete terminal elevator of 2,500,000 bushel capacity. This interior terminal elevator, together with similar elevator of 3,500,000 bushels capacity each, at Sas-

katoon and Moose Jaw, Sask., were constructed by the Board of Grain Commissioners for Canada to operate in conjunction with the Board's Lake Terminal Elevator at Port Arthur, Ont. and with the Board's Ocean Terminals at Vancouver, B.C. The purpose of the Calgary elevator is to provide storage and cleaning facilities for grain grown in the Province of Alberta, and to act as a reservoir for shipments to the East via the Great Lakes, or more especially for shipments westward to Vancouver, where it may enter the trade routes of the Pacific, or of the Atlantic via the Panama Canal.

NATURAL GAS

Natural Gas was first discovered in commercial quantities in the Bow Island field in 1908.

The Canadian Western Natural Gas, Light, Heat and Power Company, Ltd., was formed in 1912 for the purpose of supplying Calgary, Lethbridge, and the intervening towns with natural gas.

On July 23rd, 1912, nature's ideal fuel from the Bow Island field was first delivered to the householders of Calgary.

This field, lying 170 miles south and east of Calgary, was the only source of supply for the company from 1912 to 1922, but it then became necessary to secure a small additional supply from the Turner Valley field. The supply was further augmented in 1924 when the Foremost field, 30 miles south of the Bow Island field, was developed and connected to the system.

Continued growth of the company and the rapid depletion of gas reserves necessitated procuring additional supplies from Turner Valley. A large pipe line was therefore constructed in 1925 and another in 1928. At the present time, practically all of the company's supply comes from the Turner Valley field, the Foremost field being held in reserve, and the Bow Island field used for the storage of waste gas from Turner Valley.

The company supplies natural gas to the cities of Calgary and Lethbridge and nineteen other towns, customers numbering approximately 24,000. Annual sales to domestic, commercial, and industrial customers are approximately seven billion cubic feet, at rates varying from 33c. to 15c. net per thousand cubic feet.

CHILDREN'S AID AND JUVENILE COURT

Office: 4th floor Police Building

Superintendent—Fred G. Gardener

The Children's Aid is a civic department. Part of its operations are in conjunction with the Juvenile Court. Its main activities are to look after the needy, delinquent and homeless children of the community.

The Juvenile Court is held at 4th floor Police Building.

Particulars re licenses to children to engage in certain trades and prohibition of their attendance at pool rooms, etc., are obtainable from the superintendent, or official at the office.

PUBLIC PARKS

There are now 25 Public Parks in Calgary, with an area of about 777.20 acres, valued approximately at $2,262,009.25. These parks are situated in various parts of the City.

Park Superintendent—W. R. Reader

Bankview Park—Area 3 acres. (Undeveloped)

Bowness Park—About 4 miles west of city limits. Area 80 acres

Capitol Hill Park—Area 4 acres

Central Park—13th Ave. W. and 12th Ave. W., bet. 2nd and 4th Sts. Area 4.42 acres

Crescent Heights Park—Area 4 acres

Crescent Park—Bet. 2nd and 3rd Sts. and 8th and 12th Aves. N. W. Area 15 acres

East Calgary Park—East Calgary. Area 5 acres

Elbow Boulevard Park—Near the banks of the Elbow River. Area 3 acres

Glengarry Park—Area 4 acres. (Undeveloped)

Hillhurst Athletic Park—Bounded by 12th St., 14th St. and 5th Ave. N. W. Area 83 acres

Hudson's Bay Athletic Grounds—Parkdale Addition

Mewata Park—Bet. Bow River and 6th and 7th Aves., and 11th and 12th Sts. W. Area 33 acres

Millican Estate Park—Area 15 acres. (Undeveloped)

Mission Park—Area 3 and one-quarter acres. (Undeveloped)

Mount Pleasant Park—On crest of North Hill, east of Centre St. bridge Area 6 acres.

Ogden Community Park—24th St. and 74th Ave.

Queens Park—4th St. N. W. and 32nd Ave. N. W.

Reservoir Park—3 miles from P. O. Area 83 acres.

Rideau Park—30th Ave. W. and 5th St. W.

Riley Park—Bounded by 5th Ave. 6th Ave., 10th St. and 12th St. N.W., facing Morley Trail. Area 20 acres.

Rosevale Park—On banks of Elbow River, in Elbow Park. Area 4½ acres.

St. George's Island Park—Island on Bow River approached from 9th Ave. and 11th St., East Calgary. Area 45 acres.

Shaganappi Park—West end of city, from 26th Street (Killarney). Area 147.19 acres.

Shouldice Park—On Bow River, two miles west of city limits. Area 100 acres.

South Calgary—Athletic Park—Area 6¾ acres.

Stanley Park—Area 39 acres (In course of development)

Tuxedo Park—Situated in Tuxedo Subdivision. Area 6.10 acres.

Victoria Park—e.s. 2nd St. E. and 17th Ave. Area 103½ acres

Walker Estate Park—Area 3 acres. (Undeveloped)

CEMETERIES

Burnsland Cemetery—Adjoining Union Cemetery on east side of Macleod Trail

Chinese Cemetery—Adjoining Union Cemetery south of Elbow River over Victoria Bridge.

Jewish Cemetery—30th Ave. E. (Erlton) Near Union Cemetery.

Queens Park Cemetery—32nd Ave. and 4th St. N. W.

Roman Catholic Cemetery—South of Elbow River over Mission Bridge

St. Mary's (R. C.) Cemetery—31st Ave. E. and 1st St. E. (Erlton).

Union Cemetery—2nd St. E. near 26th Ave. (south of Elbow River over Victoria Bridge).

Henderson's Calgary Street and Avenue Directory 1944

Method of Numbering Streets, Avenues and Houses

Calgary's streets are numbered from Centre Street, east and west and from Centre Avenue, north and south. Example: The first street west of Centre Street and South of Centre Avenue would be First Street S. W., oftentimes called First Street West. The first street east of Centre Street and north of Centre Avenue would be First Street N. E., and so on.

The Avenues are numered from Centre Avenue and Centre Street. Example: The first avenue south of Centre Avenue and west of Centre Street would be First Avenue S. W., and so on: and the first avenue north of Centre Avenue and west of Centre Street would be First Avenue N. W. and so on.

Half streets or intersecting streets are designated "A" or "One-half."

Houses are numbered under the following system. Each lot has a number. The even numbers are on the north side of the avenue and the odd numbers are on the south side of the avenue. On the streets the even numbers are on the east side and the odd numbers are on the west side. Each block numbers from 100 as follows: 116 8th Avenue West would be on 8th Avenue between Centre and First Street West, 217 8th Avenue West would be on 8th Avenue between First and Second Street West. On the streets the numbers run as follows: 211 Centre Street South would be on the west side of Centre Street between Second and Third Avenues, and 712 Centre Street South would be between Seventh and Eighth Avenues, and so on. Each block starts numbering from the hundred following the block preceding it.

Note—The arrangement in the following Street and Avenue Directory is in numerical order, following Centre Avenue and Centre St., which appear first with Avenues preceding Streets. The arrangement by directions is East, West, North East, North West, South East, and South West. Streets and Avenues not numerically named appear last in alphabetical order.

Where the odd and even numbers on an Avenue or Street are separated, the south side (odd numbers) on Avenues will appear first and the west side (odd numbers) will appear first on streets.

✣—This Symbol indicates that a telephone is located at this number on the street at residence.
